LinkedIn: www.linkedin.com/in/aryan-bisht-

GitHub: <https://github.com/afkaryan>

Email: bishtaryan41@gmail.com

Mobile: +91 7706965711

SKILLS

Languages: Python, C++, C, R, Java, React, Node.js
Tools/Platforms: MongoDB, Tableau, MS SQL, Power BI, AWS
Soft Skills: Problem-Solving, Team Player, Critical Thinking, Adaptability

PROJECTS

Social Media Analytics & Insight Platform

Jan'26

- Developed a full-stack analytics platform to extract and map post-comment relationships, storing structured data efficiently in MongoDB.
- Implemented sentiment analysis and keyword extraction using NLP techniques to classify comments and generate engagement insights.
- Designed an interactive dashboard with filtering and visualization features to analyze user activity, comment trends, and toxicity detection.
- Technology Used: React.js, Node.js, Express.js, MongoDB, NLP (Sentiment Analysis), REST APIs

BookFlicks: Movie Ticket Booking Platform

Jul'25

- Developed a full-stack movie ticket booking platform with real-time seat selection using React, Node.js, Express, and MongoDB.
- Implemented secure Firebase authentication and Stripe payment gateway integration.
- Automated ticket generation and confirmation emails using Inngeist, and enhanced customer support with an AI-powered chatbot for booking assistance and user queries.
- Technology Used: React, Node.js, Express, MongoDB, Firebase, Stripe, Inngeist, Tailwind CSS

Crop Recommendation System

Feb' 25

- Preprocessed agricultural datasets using scikit-learn, resolving 100% of missing values and normalizing features, which optimized model performance by **30%** and reduced prediction error by **25%**.
- Leveraged ML for accurate recommendations based on one parameter such as NPK, rainfall, humidity, temperature, and pH; achieved an **85%** accuracy rate.
- Created and deployed a web-based application using Flask and integrated HTML, ensuring an intuitive and visually appealing interface, resulting in a user satisfaction score of **90**.
- Technology Used: *Python, HTML, ML Predictive Analysis*

SUMMER TRAINING

Data Structures and Algorithms – Self Paced (GeeksforGeeks)

Jul' 24

- Completed the **Data Structures and Algorithms - Self Paced** online course, building a strong foundation in key data structures like arrays, linked lists, and stacks.
- Gained practical experience with sorting and searching algorithms, improving problem-solving efficiency.
- Explored advanced topics like dynamic programming and graph algorithms, enhancing algorithmic thinking.

CERTIFICATES

Cloud Computing | *Swayam Nptel*

May'25

Supervised Machine Learning: Regression and Classification | *Coursera*

Dec' 24

Data Visualization with Tableau | *Coursera*

Nov'24

DSA | *GeeksforGeeks*

Jun'24

EDUCATION

Lovely Professional University

Bachelor of Technology

Computer Science and Engineering; CGPA: 7.38

Phagwara, Punjab

Sep' 22 – Present

Lucknow Public School

Intermediate

PCM; Percentage: 82%

Lucknow, U.P.

Mar' 21 – May' 22

Lucknow Public School

Matriculation

Percentage: 89.2%

Lucknow, U.P.

Mar 19' – May' 20
